PROFILE

A computer science student at The University Of The People (first year) and also a teacher at Al-Furqan Secondary School and Tusakay primary and high school. In 2018, I got a scholarship to study for an academic year in the United States. During this time, I learnt new skills like communicating with people from different ethnicities, helping people, wrestling, and also huddling. In the future, I'm keen to pursue a career in hardware networking and Web development.
